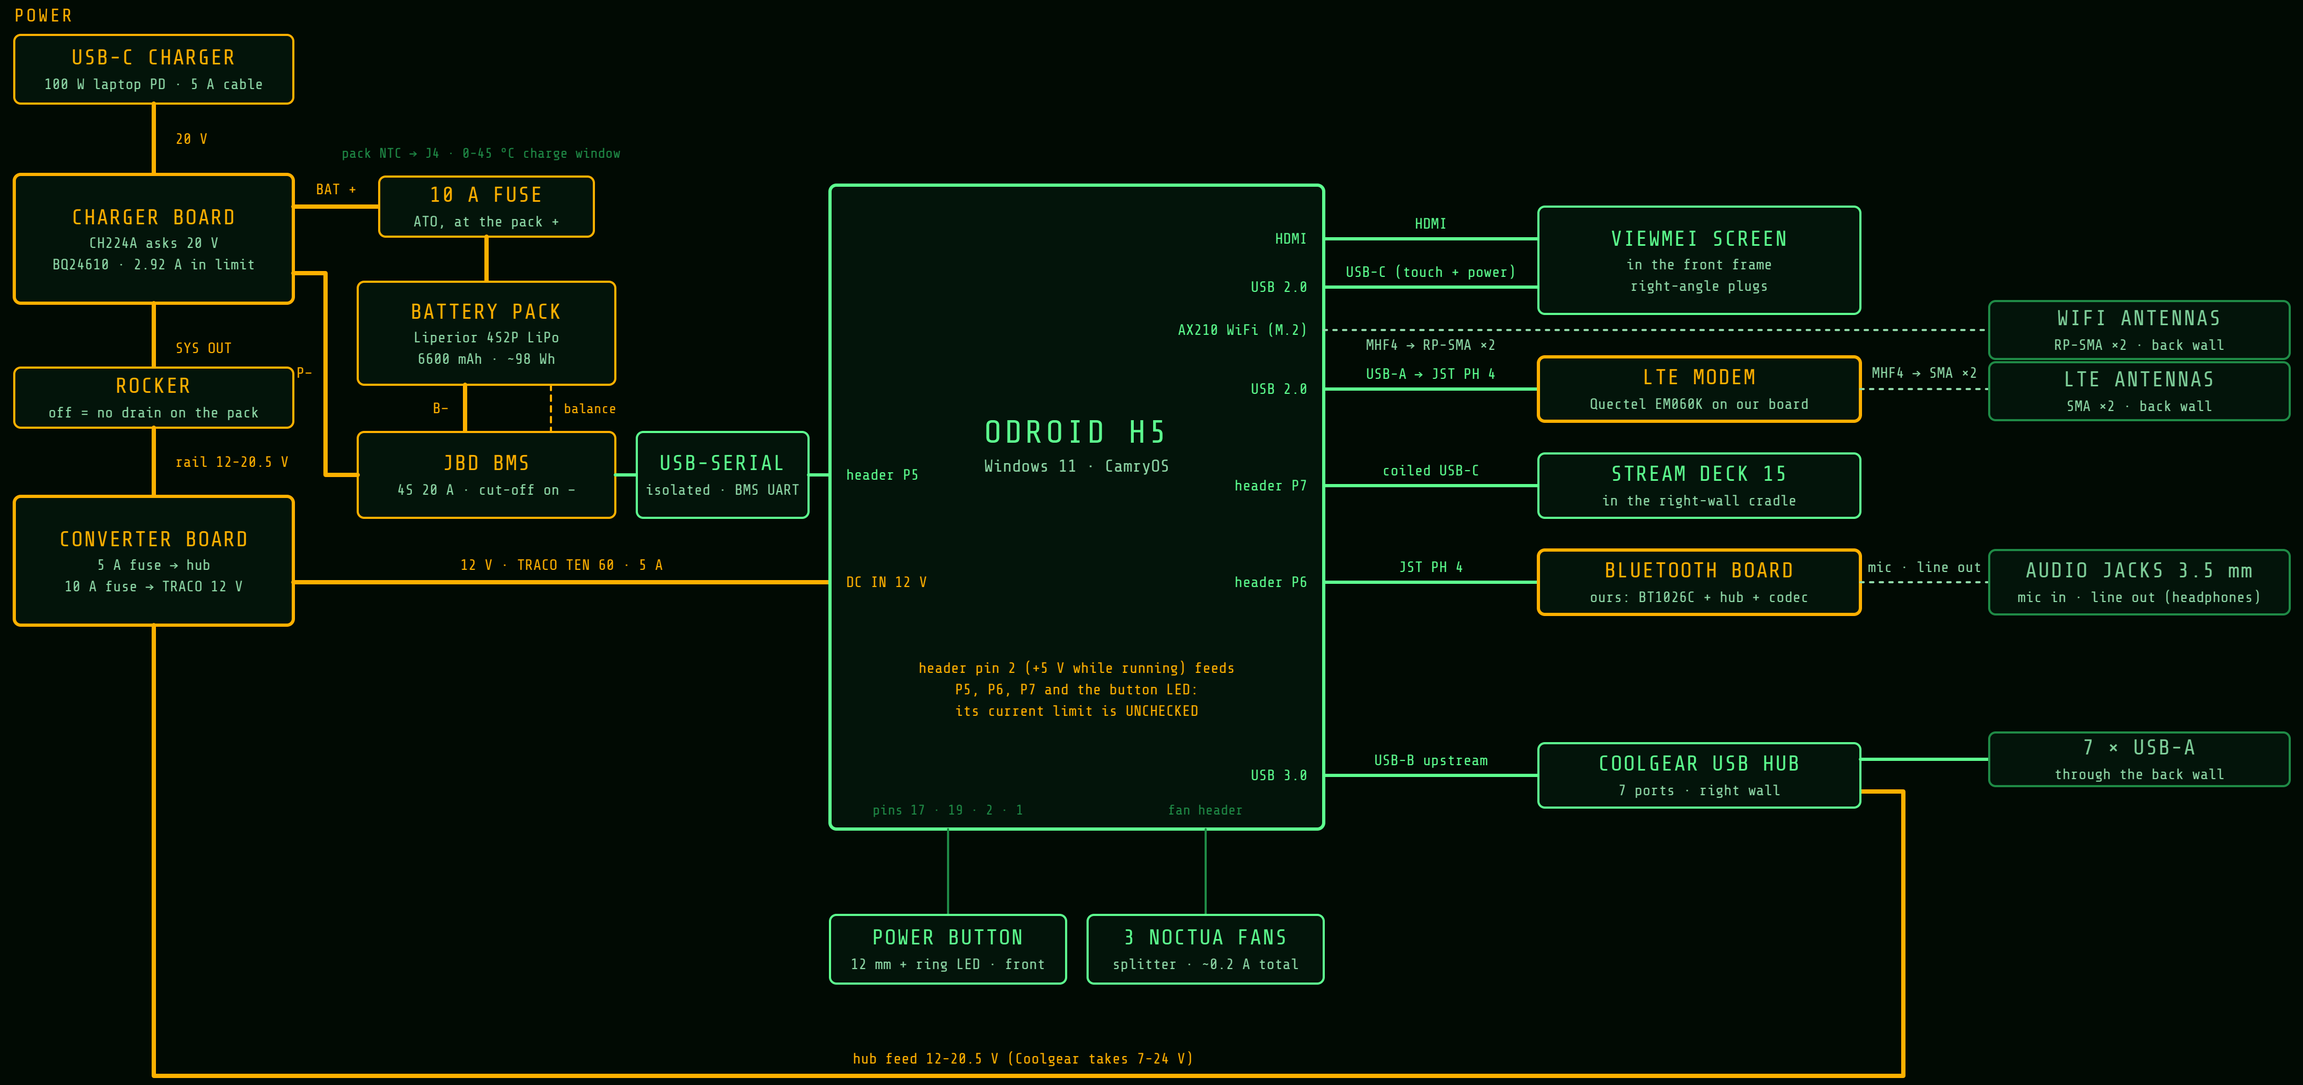
# BENCH BOX V2 — POWER & CONNECTIONS

The battery box for the infotainment H5: what powers what, and what plugs into what.

NOT YET BUILT OR TESTED: test each custom board on a current-limited bench supply, without the pack, before it goes in a box.



## ON THE OUTSIDE · 252.5 × 226.8 × 116 mm

### FRONT

- screen, flush in its frame
- power button + rocker (strip, right)
- battery bay behind the strip
